SmartLF GX 25c A1 Scanner

The Colortrac SmartLF GX25c A1 scanner enables fast and accurate (1200 dpi) colour document large format scanning of up to A1 media.

A USB connection and powerful but easy to use software results in a ideal hire solution and alternative to posting documents to a Scanning Bureau. Large format scanning up to 25" wide in full colour and 600dpi can be undertaken inhouse with standard windows PCs with full control over quality and security of the documents.
